INDOOR 1.0

Artnr. WAR0004

„The INDOOR Walker allows you to move freely indoors; lightweight, practical and elegant!”

LIGHTWEIGHT

The INDOOR walker has very maneuverable wheels and with only 5.7 kg it is also a real lightweight! Turning and walking right ahead is incredibly easy and doesn't require any effort. You can walk comfortably, but at the same time you can trust its stability.

PRACTICAL

The INDOOR comes with a convenient storage basket and serving tray. This allows you to easily take things with you while keeping your hands free. In case you want to transport the INDOOR, you can fold it with a push of the button. Convenient to have in the car!

STYLISH

A walker will become part of the interior. For that reason we ensured a modern, light and beautiful design, while using durable and attractive materials. You can be proud of your INDOOR!

Specifications

Length 66 cm • Total width 54 cm • Height 83,5 - 94,5 cm • Measurements when folded 66 x 26 x 94,5 cm • Total weight 5,7 Kg • Maximum load bearing capacity 5,0 Kg • Maximum allowed weight 100 Kg.

INDOOR 2.0

*"The new benchmark for indoor comfort and design.
After nearly 10 years of success with the practical INDOOR 1.0,
we now proudly introduce a more elegant, comfortable,
and user-friendly model – perfect for anyone who values quality
and style. Also the solution for taller people!"*

AVAILABLE IN 3 COLOURS!

WARO006-O PUMPKIN ORANGE

WARO006-G FORREST GREEN

WARO006-B INDIGO BLUE

Why Choose the WheelzAhead INDOOR 2.0?

Modern, curved design in three stylish colours – a real eye-catcher in your home.

Comfortable, premium handle with ergonomic grip and additional side support.

Easy-to-use parking brake – securely locked with just one click.

Extendable storage bag – access your items even while using the tray.

Foldable & self-standing – easy to store without tipping over.

Ideal for taller users – adjustable up to 101 cm, suitable for users up to 205 cm tall.

Exceptional stability – users report it as one of the most stable indoor rollators on the market.

Whether you live in a modern apartment or a cozy home, the INDOOR 2.0 fits beautifully into your interior with the colour of your choice.

Specifications

Length 68 cm • Total width 60 cm • Height 88 - 101 cm • Measurements when folded 60 x 26 x 96 cm • Total weight 6,5 Kg • Maximal load bearing capacity 5,0 Kg • Maximum allowed weight 100 Kg.

TRACK

ANTHRACITE

"The TRACK gets you 4 steps ahead; Very stable, lightweight, fitted with the desired accessories and double foldable."

DOUBLE FOLDABLE

The TRACK has a two-way folding system. Not only can it be collapsed, it can also be double-folded. In two simple steps it reaches extremely small proportions. It will fit into any corner and with its 7.4 kg weight it can easily be taken with you.

ELEGANT WITHOUT BRAKE CABLES

A rollator will become part of the interior. For that reason we ensured a modern, light and beautiful design where the brake cables are concealed in the frame. With the TRACK you will be making an impression anywhere you go. Convenient for indoor and outdoor use.

ERGO CANE

WALKING STICK SHOCK ABSORPTION

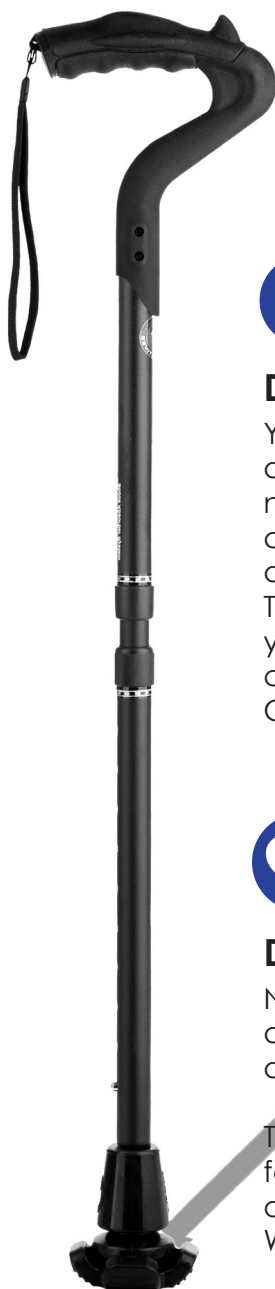

*„The ERGO CANE is the optimal walking stick:
shock absorption, comfortable and beautiful look!“*

IN BLACK
OR BROWN!

REAL SHOCK ABSORPTION!

The ERGO CANE 2G is the only walking stick in the world with a shock absorption system that effectively reduces (or prevents) many complaints. Developed by an orthopedic surgeon!

DESIGN

Your cane is part of your appearance. That is why we not only considered the walking comfort and ergonomics, but also ensured a beautiful design. Together with a soft-grip handle you are provided with the desired comfort you are looking for. Complementing your style!

DURABLE RUBBER CAP

No more caps that quickly deteriorate, but one that will allow you to walk many miles!

This Ultralite rubber cap is for all canes also separately available with article number WAGHAC002 (19,95 EUR).

Artnr. WAGH004 Black
WAGH005 Brown

Specifications

Length options 79 - 102 cm • Weight 1 Kg with ERGO CAP High Performance Cap - diameter 19 mm • Maximum allowed weight 110 Kg

ERGOBAUM

CRUTCHES SHOCK ABSORPTION

„For the design of a Comfort Crutch it is important that it's practical and safe, foldable, but also looks beautiful and gives you daily comfort.“

ERGONOMIC

The setting of the grip positioning and height ensure that the crutch adapts to you, not the other way around! Along with the anatomic and ergonomic shaped grip the ERGOBAUM supports all contact surfaces and pressure points that perfectly suits your body. That provides relief!

COMFORT

With the ERGOBAUM you will move smoothly and fluently, thanks to the shock absorbing system in the grip and comfort crutch itself. And it's foldable for transport. That's comfort!

SAFE AND MOBILE

We ensured a modern, light and beautiful design, while using durable and attractive materials. The ERGOBAUM is equipped with safety reflectors, LED lamp for walking in the dark, an alarm button for emergencies and a ERGOCAP High Performance Cap. Together with a soft-grip handle you are provided with the desired comfort you are looking for.

This High Performance rubber cap is for all crutches also separately available with article number WAGHAC001 (29,95 EUR).

Artnr. WAGH001

Specifications
